Few know this better than Tony Constanzo, a 31 year veteran firefighter and founder of Footsteps For The Fallen. Footsteps For The Fallen is a non-profit organization that honors the memory of Texas Firefighters who lost their lives on duty by helping the children of Texas Firefighters & EMS First Responders with scholarships. Recently, Constanzo announced he will be running 420 miles starting October 1<sup>st</sup> - 11<sup>th</sup> 2015, to raise awareness, and funds for the organization, in honor of every Texas Firefighter who ever made the ultimate sacrifice helping to keep people safe. The goal is to raise \$250,000 for the scholarship program, during this superhuman run.

“This run is to honor all fallen firefighters in Texas that answered the call knowing they could be giving it all, and did,” commented Constanzo about the coming run. “Endurance running is one of my passions and it's an honor to be able to leverage my passion for running and testing myself for such an important cause.”

The elite running event will consist of a 40 mile run on the first eight days, followed by 38 miles on day nine, 37 miles on day ten and the last days run will be 31 miles. Registration is open for supporters who would like to do part of the run with Constanzo broke into 13 mile groups.
